The men's classroom is also equipped with closed circuit television to be utilized as a OVERFLOW room for all others. During the service, PLEASE remain as respectful and quiet in this room as you would if sitting in the sanctuary itself.

"If the citizens of the United States are to turn away from the Communist Manifesto and preserve the purpose of the Declaration of Independence, the U.S. Constitution, and our Bill of Rights, we must first thoroughly reexamine and learn about each of them, and uphold America's founding documents by testing every political action in light of them."

~Chuck Norris

I was signing the receipt for my credit card purchase when the clerk noticed that I had never signed my name on the back of the credit card. She informed me that she could not complete the transaction unless the card was signed.

When I asked why, she explained that it was necessary to compare the signature on the credit card with the signature I just signed on the receipt.

So I signed the credit card in front of her.

She carefully compared that signature to the one I signed on the receipt.

As luck would have it, they matched!
